## CN 24-32: China Surtax Order (2024) – Electric vehicles

**Published September 27<sup>th</sup>, 2024**

**Updated October 3<sup>rd</sup>, 2024, November 13<sup>th</sup>, 2024 & December 11<sup>th</sup>, 2024**

In force starting with Date of Direct Shipment October 2<sup>nd</sup>, 2024

### What types of goods are affected?

- Electric Vehicles (EV's) of China origin including electric and hybrid passenger automobiles, trucks, buses, and delivery vans.

### Rules for application:

- Goods that can claim 9813 or 9814 are exempt.
- Goods that can claim chapter 99 tariff codes still have surtax applicable.
- Goods that are imported for temporary import for repair and re-export are exempt.

### Surtax Codes:

**24187A** for all goods.

### Documentation Requirements:

Proof of origin can be provided on the commercial invoice, Canadian customs invoice, or any other documentation that declares the origin.

## CN 24-36: China Surtax Order (2024) – Steel and Aluminum

**Published October 18<sup>th</sup>, 2024**

**Updated November 13<sup>th</sup>, 2024 & December 11<sup>th</sup>, 2024**

In force starting with Date of Direct Shipment October 19<sup>th</sup>, 2024

### What types of goods are affected?

- Steel goods of China origin.
- Aluminum goods of China origin.
- Certain products of the above materials of China origin.

## Rules for application:

- Goods that can claim 9813 or 9814 are exempt.
- Goods that can claim chapter 99 tariff codes still have surtax applicable.
- Goods that are imported for temporary import for repair and re-export are exempt.
- Goods of heading 40.11 are exempt.

## Surtax Codes:

**24187B** for steel goods.

**24187C** for aluminum goods.

## Documentation Requirements:

Proof of origin can be provided on the commercial invoice, Canadian customs invoice, or any other documentation that declares the origin.

# CN 25-05: China Surtax Remission Order

**Published February 4<sup>th</sup>, 2025**

**Updated February 5<sup>th</sup>, 2025, March 24<sup>th</sup>, 2025, & October 17<sup>th</sup>, 2025**

In force starting January 31<sup>st</sup>, 2025

## What types of goods are affected?

- Goods listed on the original China surtax order CN 24-36.

## Rules for application:

- Schedule 1 goods don't have to meet anything except being imported between October 22, 2024, and December 31, 2025.
- Schedule 2 goods have to match the tariff item, importer, and period listed in the schedule to qualify.
- Importer makes a claim to the Minister of Public Safety and Emergency Preparedness within two years of import and is granted remission.

## Special Authority Codes:

**25-054A** for schedule 1 remissions.

**25-054B** for schedule 2 specified remissions from October 22, 2024, to December 31, 2025.

**25-054C** for schedule 2 specified remissions from October 22, 2024, to March 31, 2025.

**25-054D** for schedule 2 specified remissions from October 22, 2024, forward.

**25-054E** for schedule 2 specified remissions from April 1, 2025 to December 31, 2025.

**25-054F** for schedule 2 specified remissions from October 22, 2024, to October 21, 2025.

**25-054G** for schedule 2 specified remissions from October 22, 2024, to July 31, 2026.

**25-054H** for schedule 2 specified remissions from October 22, 2024, to August 31, 2025.

**25-054I** for schedule 2 specified remissions from October 22, 2024, to July 1, 2025.

**25-054J** for schedule 2 specified remissions from October 22, 2024, to June 1, 2026.

**25-054K** for schedule 2 specified remissions from October 1, 2024, forward.

### Documentation Requirements:

Claims will require all relevant documents, BOL, Sales Invoice, Waybill, Sales Contract, Commercial Invoice or Canadian Customs invoice etc. to demonstrate they fulfill the laid-out requirements for the schedule and code they are using.

## CN 25-10: United States Surtax Order (2025-1)

**Published March 4<sup>th</sup>, 2025**

**Updated April 8<sup>th</sup>, 2025, May 2<sup>nd</sup>, 2025, & September 1<sup>st</sup>, 2025**

In force starting with Date of Direct Shipment March 5<sup>th</sup>, 2025

**Repealed September 1<sup>st</sup>, 2025**

### What types of goods are affected?

- A variety of goods of US origin listed out in the order in council notice.

### Rules for application:

- Goods that can claim 9813 or 9814 are exempt.
- Goods that can claim chapter 99 tariff codes, except for 9971, 9996, 9989, are exempt.
- Goods that are made in the US and are repaired or altered across the border are exempt.
- Goods of heading 40.11 are exempt.

## Surtax Codes:

**25066A** for all goods.

## Documentation Requirements:

A valid CUSMA is required as proof of origin, if request.

Documentation maybe requested for schedule 1 goods that are claiming 9813 or 9814, chapter 99 tariff codes, or repair/alterations. This may include but is not limited to, previous proof of payment surtax, end use of goods, purchase order or invoice for work being done, and/or documents tracing the flow of goods in and out of the countries.

## CN 25-11: United States Surtax Order (Steel and Aluminum 2025)

**Published March 12<sup>th</sup>, 2025**

**Updated March 27<sup>th</sup>, 2025, April 8<sup>th</sup>, 2025, May 2<sup>nd</sup>, 2025, & September 1<sup>st</sup>, 2025**

In force starting with Date of Direct Shipment March 13<sup>th</sup>, 2025

## What types of goods are affected?

- Steel goods country of origin US.
- Aluminum goods country of origin US.
- Certain goods made of the above country of origin US.

## Rules for application:

- Schedule 1
  - Goods that can claim 9813 or 9814 are exempt.
  - Goods that can claim chapter 99 tariff codes, except for 9971, 9996, 9989, are exempt.
  - Goods that are made in the US and are repaired or altered across the border.
- Schedule 2
  - Goods that can claim 9813 or 9814 are **NOT** exempt.
  - Goods that can claim chapter 99 tariff codes, except for 9971, 9996, 9989, are **NOT** exempt.

## Surtax Codes:

**25095A** for all goods.

## Documentation Requirements:

A valid CUSMA is required as proof of origin, if request.

Documentation maybe requested for schedule 1 goods that are claiming 9813 or 9814, chapter 99 tariff codes, or repair/alterations. This may include but is not limited to, previous proof of payment surtax, end use of goods, purchase order or invoice for work being done, and/or documents tracing the flow of goods in and out of the countries.

## Updates – September 1<sup>st</sup>, 2025

Changes have been made to remove some of the original HS classifications from this order while leaving others. Please see the updated link in the resource section to show the full list.

These changes are effective date of direct shipment September 1<sup>st</sup>.

Updates have also been made to the chapter 99 exemptions. This removes 9966 from the listing meaning that if goods qualify for 9966 then they will be surtax exempt.

## CN 25-15: United States Surtax Order (Motor Vehicles 2025)

**Published April 8<sup>th</sup>, 2025**

**Updated May 2<sup>nd</sup>, 2025, & September 1<sup>st</sup>, 2025**

In force starting with Date of Direct Shipment April 9<sup>th</sup>, 2025

### What types of goods are affected?

- Motor cars and vehicles for the transportation of 10 people or less.
- Motor vehicles for the transportation of goods.

### Rules for application:

- If the commodity is of CA, MX, or US origin then only a percentage of the goods will have surtax levied against them. The base rate will be 85% of the goods but if the Importer can prove that a higher amount is of CA, MX, or US content then that percent can be used.
- Goods that can claim 9813 or 9814 are exempt.
- Goods that can claim chapter 99 tariff codes, except for 9971, 9996, 9989, are exempt.
- Goods eligible for remission under Akwesane Residents Remission Order are exempt.

## Surtax Codes:

**25118A** for goods not entitled to the US Tariff.

**25118B** for goods entitled to the US Tariff that are at the base rate.

**25118C** for goods entitled to the US Tariff that are higher than the base rate.

## Documentation Requirements:

A valid CUSMA is required if claiming 25118B or C.

If requested CBSA can require the importer to present additional documentation to prove that 25118B or C applies. This documentation could be but is not limited to records substantiating compliance with Regional Value Content (RVC), core parts, steel/aluminum and Labour Value Content (LVC), value for duty documentation, and documentation of Canadian/Mexican parts used.

## Updates – September 1<sup>st</sup>, 2025

Updates have also been made to the chapter 99 exemptions. This removes 9966 from the listing meaning that if goods qualify for 9966 then they will be surtax exempt.

These changes are effective date of direct shipment September 1<sup>st</sup>.

## CN 25-17: United States Surtax Remission Order (Motor Vehicles 2025)

**Published April 15<sup>th</sup>, 2025**

**Updated April 17<sup>th</sup>, 2025**

Retroactive back to start of surtaxes April 9<sup>th</sup>, 2025, and in force until April 8<sup>th</sup>, 2026.

### What types of goods are affected?

Goods imported which fall under the April 9<sup>th</sup> order for surtax and meet the following criteria:

- Importer Business Number (BN) on list.
- Claim made to the Minister of Public Safety and Emergency Preparedness.
- Importer makes claim with Minister and Ministry of Industry.
- No other claim for relief has been made.

## Rules for application:

- Importer BN is approved and appears on the list.
- Claim to Minister of Public Safety and Emergency Preparedness has been approved.
- Claim to Minister and Ministry of Industry has been approved.

## Surtax Codes:

**25-0465** for importers and goods listed in schedule 1 of this order as approved businesses.

**Note:** Remissions approved by the Minister of Public Safety and Emergency Preparedness or the Minister of Industry will be assigned their own unique codes.

## Documentation Requirements:

As requested by CBSA and the government ministers to confirm the request.

## CN 25-19: United States Surtax Remission Order (2025)

**Published April 17<sup>th</sup>, 2025**

**Updated May 20<sup>th</sup>, 2025, August 29<sup>th</sup>, 2025, & December 24<sup>th</sup>, 2025**

~~Retroactive back to start of surtaxes in March 2025 and in force until October 16<sup>th</sup>, 2025.~~

**Extended, see below.**

March 13, 2026, in the case of a good referred to in schedule 3

## What types of goods are affected?

Goods imported for specific end uses are temporarily remitted to allow Canadian industry time to facilitate ordering goods of origin other than US.

### Rules for application:

- Good imported with the end use of public health, public safety, or national security purposes as outlined in the notice.
- Goods imported with the end use of health care purposes as outlined in the notice.
- Goods imported with the end use of manufacturing or processing in Canada or for the packaging of food or beverages.

## Surtax Codes:

**25-0466A** for goods imported with end use of public health, public safety or national security.

**25-0466B** for goods imported with end use of health care.

**25-0466C** for goods imported with end use of manufacturing, processing or food/beverage packaging.

**25-0466D** for goods imported referred to in sections 4 and 5 of the Order in Council.

**Note:** OIC Number CLVS-0016-1 for goods reported on LVS but returned to sender.

**Note:** Until March 13, 2026: 25-0466C – will only apply to the 4 HS codes below. All other HS codes no longer qualify for remission as of October 16<sup>th</sup>, 2025.

**SCHEDULE 3(Section 4.1 and subparagraph 5(a)(ii))**

Goods

Column 1		Column 2
Item	Tariff Classification Number	Goods
1	7209.16.00	Flat-rolled products of iron or non-alloy steel, of a width of 600 mm or more, not further worked than cold-rolled or cold-reduced, not clad, plated or coated, in coils, of a thickness exceeding 1 mm but less than 3 mm, of specification ASTM 1045, 1050, 1055 or 1067-1070
2	7209.17.00	Flat-rolled products of iron or non-alloy steel, of a width of 600 mm or more, not further worked than cold-rolled or cold-reduced, not clad, plated or coated, in coils, of a thickness of 0.5 mm or more but not exceeding 1 mm, of specification ASTM 1045, 1050, 1055 or 1067-1070
3	7211.23.00	Flat-rolled products of iron or non-alloy steel, of a width of less than 600 mm, not clad, plated or coated, not further worked than cold-rolled or cold-reduced, containing by weight less than 0.25% carbon, of specification ASTM 1045, 1050, 1055 or 1067-1070
4	7211.29.00	Flat-rolled products of iron or non-alloy steel, of a width of less than 600 mm, not clad, plated or coated, not further worked than cold-rolled or cold-reduced, other, of specification of ASTM 1045, 1050, 1055 or 1067-1070

## Updates - December 24<sup>th</sup>

**Schedule 1, section 3** These goods are granted remission until July 1<sup>st</sup>, 2026.

**Schedule 2, section 3** These goods are granted remission until February 1<sup>st</sup>, 2026.

**Section 3.1** These goods are granted remission when imported between February 1<sup>st</sup>, 2026, and July 1<sup>st</sup>, 2026.

**Schedule 3** These goods are granted remission if imported before the date specified in column 3.

**Schedule 4.1** These goods are granted remission if found in column 2 of this schedule and imported under the BN in column 1, conforms to the description in column 3, is imported during the period in column 4, and is imported in accordance with the conditions in column 5.

## Documentation Requirements:

End use statements from the importer may be required. CBSA can also request copies of contracts, purchase orders, or similar to prove end use of the imported goods.

## CN 25-24: Order Imposing a Surtax on the Importation of Certain Steel Goods

**Published June 27<sup>th</sup>, 2025**

**Updated August 1<sup>st</sup>, 2025, & December 24<sup>th</sup>, 2025**

In force starting with Date of Direct Shipment June 28<sup>th</sup>, 2025

### What types of goods are affected?

Steel that has a country of origin that Canada does not have an FTA established.

***Note: This was updated on August 1<sup>st</sup>, 2025, to only exclude goods of Mexico and US origin. All other countries with FTA will now be included in this order.***

### Rules for application:

- Goods are subject to TRQ (Tariff Rate Quota). Quota is re-initialized each 90-day period, starting June 27<sup>th</sup>. If quota is left for a certain HS from the previous period, then that amount is added to the new period.
- For goods imported between June 27, 2025 and July 31, 2025 quota applies for only non-FTA countries, if your COO is on [schedule 2](#) of the order this order does not apply, if your COO is **not** on [schedule 2](#) this order applies.
- For imports starting August 1 and on, goods that have COO other than Canada, Mexico, US and the HS falls in the list outlined in the OIC.
- If the product HS falls in the list provided but is completed with 9813 or 9814 then the goods are surtax exempt as they have already paid once.
- For release we must send **both the GIP and permit number** on the entry lines.
- When sending the entry for final accounting, the **GIP field must be blank and locked so that only the permit number is transmitted on the CAD.**
- Reminder: don't forget to attach your permit to your entry using back up type "BR-permit." You will need to bill for the permits as well.
- **IMPORTANT:** When applying on EICS for these surtax permits the ending for the HS must be 0002.

## Surtax Codes:

**Note: Codes were updated with August 1<sup>st</sup> change.**

**25148A** for goods imported between June 27<sup>th</sup> and July 31<sup>st</sup> without a permit.

**25155A** for goods imported August 1<sup>st</sup> or after without a permit.

**25148B** for goods imported between June 27<sup>th</sup> and July 31<sup>st</sup> with a permit.

**25155B** for goods imported August 1<sup>st</sup> or after with a permit.

**25148C** for good imported with a permit and subject to CN 24-36 imported between June 27<sup>th</sup> and July 31<sup>st</sup>. For goods imported August 1<sup>st</sup> or after the CN 24-36 code is to be used.

**25148D** for goods where multiple surtaxes apply imported between June 27<sup>th</sup> and July 31<sup>st</sup>.

## Update – December 24th, 2025

**Non-CUSMA FTA** countries quantities available for TRQ are reduced by 75% of the 2024 levels.

**Non-FTA** countries quantities available for TRQ are reduced by 20% of the 2024 levels.

## Documentation Requirements:

Proof of origin requirements must be met using a commercial invoice, Canadian customs invoice, or any other documentation the meets the requirements of the FTA (CUSMA or Certificate of Origin.)

## CN 25-28: Steel Goods and Aluminum Goods Surtax Order

**Published July 31<sup>st</sup>, 2025**

**Updated October 15<sup>th</sup>, 2025, & November 7<sup>th</sup>, 2025**

In force starting with Date of Direct Shipment August 1<sup>st</sup>, 2025

### What types of goods are affected?

Steel that has been melted or poured in China and the HS is in the list under the OIC.

Aluminum that has been smelt or cast in China and the HS is on the list under the OIC.

***Note: Goods can be of an origin other than China but still are subject to this surtax due to where they are melted, poured, smelted, or cast.***

## Rules for application:

- If the product HS falls in the list provided but is completed with chapter 99 tariff codes, the surtax will still apply.
- If the product HS falls in the list provided but is completed with 9813 or 9814 then the goods are surtax exempt as they have already paid once.
- The entry total for Value for Duty for all subject goods is under \$5000 then surtax does not apply.
- If goods are already subject to CN 24-36 then that surtax will apply, and this one will not as these are not stackable surtaxes. In this case the surtax code will be declared as the one in CN 24-36.
- If the COO is US and the Melt/Pour/Smelt/Cast is China, the COO overrides the requirements and surtax isn't applicable.

## Surtax Codes:

**25154A** for steel goods

**25154B** for aluminum goods

## Documentation Requirements:

Until September 22<sup>nd</sup> – Commercial Invoices, or any available certificates or reports.

After September 22<sup>nd</sup> – Requires a mill test certificate, mill test report or material test certificate; a certificate of conformance, compliance, inspection or analysis; a certified inspection report; a metallurgical test report; or a chemical analysis certificate. **Update October 15<sup>th</sup>, 2025 – This date is determined by the date the goods were reported at FPOA (First point of arrival)**

**Update November 7<sup>th</sup>, 2025 – Goods that are chargeable under China Surtax Order (2024) CN 24-36 are not subject to this order.**

## CN 25-33: Steel Derivative Goods Surtax Order

**Published Dec 24<sup>th</sup>, 2025**

In force starting with Date of Direct Shipment December 27, 2025

### What types of goods are affected?

Certain steel derivative goods imported into Canada

**Note: Order of application when multiple surtaxes apply will be outlined below**

## Rules for application:

- This surtax is non-stackable, only one surtax measure will apply following this order:
  - Is the good subject to CN 25-24 Order Imposing a Surtax on the Importation of Certain Steel Goods? If **YES** use code 25155B, If **NO** (Either because the Permit is available, or it doesn't qualify) move to next choice.
  - Is the good subject to CN 25-11 United States Surtax Order (Steel and Aluminum 2025)? If **YES** use code 25095A = **NO** move to next choice
  - Is the good subject to CN 24-36 China Surtax Order (2024) – Steel and Aluminum? = **YES** use code 24187B (Steel) 24187C (Aluminum). If **NO** move to next choice.
  - Is the good subject to CN 25-28 Steel Goods and Aluminum Goods Surtax Order? If **YES** use code 25154A (Steel) 25154B (Aluminum), If **NO** move to next choice.
  - Are the goods subject to 25-33: Steel Derivative Goods Surtax Order? If **YES** use code 25267A, If **NO** then surtax does not apply
- If the product HS falls in the list provided but is completed with 9813 or 9814 then the goods are surtax exempt as they have already paid once.
- Per point 6 of the CN: If the classification HS is subject to CN25-33 and any chapter 99 tariff code is applied **surtax is still applicable.**
- Goods imported before July 1, 2026, for use in the manufacture of motor vehicles or chassis for motor vehicles or in the manufacture of parts of or accessories for motor vehicles or chassis for motor vehicles are **not** subject to the surtax. **(Surtax = N, this must be set by the user as it's determined by end use)**
- Goods imported before July 1, 2026, for use in aircraft, ground flying trainers or spacecraft or in parts of aircraft, ground flying trainers or spacecraft are **not** subject to the surtax. **(Surtax = N, this must be set by the user as it's determined by end use)**
- Utility wind towers, and sections of those towers, that are classified under tariff item 7308.20.00 and are imported for installation in energy projects located west of the Ontario–Manitoba border are **not** subject to the surtax. **(Surtax = N, this must be set by the user as it's determined by end use)**

## Surtax Codes:

**25267A**

## Documentation Requirements:

End use statements from the importer may be required. CBSA can also request copies of contracts, purchase orders, or similar to prove end use of the imported goods.
